## HOW TO COOK WELL.

BY J. ROSALIE BENTON.

Price, \$1.50, postage paid.

THIS THOROUGHLY PRACTICAL COOK BOOK will be warmly welcomed by all housekeepers, who, we are confident, will find it a valuable aid and guide in the kitchen.

The writer has aimed not only to give a large collection of valuable receipts, but also to teach cooking, and likewise, by arranging departments for Breakfast, Luncheon, Dinner and Tea, to present suggestions to those housekeepers who find themselves taxed to make variety in the different meals. The style of cooking is for the most part adapted to people of moderate means, and especial attention has been paid to showing how to use remnants from a former meal in a tempting manner.

These suggestions for what is left are put, in each case, with the directions for first cooking, so that they follow in natural sequence, and are much more likely to be made use of than if put under the general head of "Made-over Dishes."

The measurements given are exact, and great care has been used in making the directions very full and plain, as well as accurate. Some of the receipts are original, and will be found well worth trying; while the old favorites are nearly all included, and there is little of real value in other cook books not given here, in similar form, but altered after trial, according to taste.

The book makes 425 pages, including the Index, which is full, and carefully arranged, and besides its many valuable tested receipts for the table, has a dozen pages devoted to preparations for the sick, and a chapter on miscellaneous matters, that will be found very serviceable.

For real practical use in the household, we know of no Cook Book than equals it.

## NEEDLE-WORK

**Needle-Work: A Manual of Stitches and Studies in Embroidery and Drawn Work.** Edited by Jenny June. This manual is an attempt to systematize and arrange in an order convenient for workers, the modern methods in Embroidery and Drawn Work. The author has felt the desire and the responsibility involved in aiding women to a true and practical guide to the beautiful art of needlework. When the Angel of Mercy beamed that woman might not be created because she would be calmed by man, as the stronger, the Lord listened, but felt that he could not give up the whole scheme of creation, so he gave the loving Angel permission to bestow upon her any compensating gift she chose, and the Angel pityingly endowed her with tears and the love of needlework. How to work LINEN SPLASHERS, TIDIES, DOILIES, BABIES' BIBS, PILLOW SHAMS, etc. They are generally worked in the OUTLINE STITCH.

#### OUTLINE STITCH.

In making the Outline Stitch, the needle is held with the point almost directly towards you, the thread being drawn from you. It is nearly the opposite of the ordinary back stitch which can be used in outlining if preferred. The object is to cover all the lines of the pattern, as stamped on the Felt. The Outlines only are to be worked; the pattern is not to be filled in. By looking at the illustration of the Outline Stitch, you will readily see how it is to be done.

#### SPLIT OUTLINE STITCH.

Same as the above except that the needle is brought up through instead of at one side of the thread of the preceding stitch. This makes the outline finer and more even. Outline work is much easier to make than that in the Kensington Embroidery, as the Outline work requires no shading.

For working linen goods in Outline, use WASH LINEN FLOSS, 36 per skein, 12 skeins for 35c. CORDILLON WASH SILK, 36 per skein, 12 skeins for 50c.

6c. per spool, 12 spools for 60c.; BRIGGS' SILK and FLOSS, 36 per skein, 12 skeins for 50c.; MADONNA EMBROIDERY COTTON (all colors) 36 per skein, 12 skeins for 17c.

## TURKISH RUG PATTERNS.

### WHAT ARE THEY?

They are Designs of Animals, Flowers, Scrolls, etc., printed on stamped or heavy Burlap, and are shaded in the various colors required to make them perfect. You understand that the Designs of Patterns are NOT ON PAPER, but CLOTH, which forms the foundation for the Rug. They are filled with wool, or worsted yarn, carpet filling, etc., arranged in narrow strips, and drawn up through from the under side with a Hook (made expressly for this purpose), and clipped or sheared off to imitate Turkish Rugs; and some of them are so finely made that it is hard to tell one from the other. Now save your rags, and try one, and see if the above is not true.

Full printed instructions for making sent with each Pattern.
